THE DIVINITY OF FATHER DIVINE

The following is an illustrative, philosophical essay on the Personification of GOD, FATHER DIVINE, in Bodily Form, in the New Dispensation. It is given in the light of Theosophy (Theosophy is a Greek word meaning "God's Wisdom") by one who has been a student of this science about twenty years. The writer was a member in the Esoteric School of Occultism and a pupil of a Master, according to Dr. Besant's personal information in 1926. Also, a Priest in the Liberal Catholic Church and a 32 Degree Mason in Co-Masonry, besides being a member of several other organisations.

I Thank YOU, FATHER, that I am not making these statements with any sense of a superior feeling. Neither am I endeavouring to place myself in a different light (in the Presence of HIM Who is the LORD of Lords), than any other person. I have striven to live the higher and fuller Life for many years, but still I have failed in many things. These names and labels that organisations have attached to me do not mean anything to me any more. I am simply stating them as past experiences for which I am very grateful. I am thanking FATHER for these experiences and that HE has led me along the path of Occultism to this marvellous realisation of knowing HIM as HE is, and that HE has given me freedom, joy and happiness and an

expansion of consciousness beyond any human words to express.

I Thank FATHER that I am giving this testimony that it might be enlightenment for those sincere students and seekers of Truth who are still seeking in the darkness without realising that the SUN has truly risen and can be seen by everyone in its Glory and Splendor. If I were to dwell on these former things, it would be to me as foolish as to carry a candle in my hand out in the clear sunlight to study how the flowers are growing.

We can now rejoice and give thanks to our Lord and Master for what HE has done. We can now be free from teachers, doctrines, dogmas, organisations and limitations, and to know the Truth as it is revealed by FATHER DIVINE in our own hearts, as we relax our conscious mentality and let GOD or CHRIST in us be our teacher. "When HE shall come, HE shall teach you all things."

After we are free from theories and preconceived ideas and opinions of man, we neither accept nor reject anything, but we see everything on different levels or stages of GOD'S Consciousness, expressing ITSELF in man. There is no ultimate Truth except that which is in GOD and HIS Fulness, which includes All.

We, as persons, see only in part and express only in part, but we all must vibrate in harmony. There is but One Light, as we see it in the Sun—all

colors are blended into One. All expressions emanate from one and the same Eternal Love which have no beginning and no end.

According to Theosophy, or the Ancient Wisdom Teachings, evolution on this earth is carried on in cycles. There are small cycles within the larger ones, some lasting about one thousand years and others for twenty-four thousand years. "The Day of the Lord is but as a thousand years."

At the close of a cycle, or kalpa, or dispensation, whether one of the major or the minor ones, there has always appeared a great Teacher or Prophet with the new Message and Teachings for the people as a Foundation or Principle of Life for the incoming dispensation upon which a new and greater civilisation has been built. The end of the present cycle of dispensation is one of the major ones, and therefore, the LORD of the Vineyard is here, HIMSELF, to judge HIS workers according to their deeds and actions. Jesus spoke to His Disciples (St. Matthew: 21-23) saying that a certain householder planted a vineyard and let it out to a husbandman, and journeyed into a far country. When the time for the ripening of the fruit drew near, he sent his servant to the husbandman, at different times, that he might receive the fruits of his vineyard, but each time the husbandman took the servants, beat them and slew them. At last, He sent His Son, saying, "They will reverence my Son," but they

cast him out of the vineyard and slew him also. Jesus then asked, "When the Lord of the Vineyard cometh Himself, what will He do unto this husband-man?" The Day of the LORD is here now and HE has truly come with His Power and Dominion, to judge with Righteous Judgment both the living and the dead. They cannot slay Him at this time. FATHER says: "There is no power in Heaven or earth that will hinder ME from accomplishing that for which I came."

¶ Every time a Great Teacher comes to the world, there has been much evil, suffering and destruction, because of the tremendous outpouring of Power in order to quicken and hasten evolution. ¶ Many times in the past, whole continents and civilisations have had to be destroyed in order to destroy the evil and bring out the good harvest that has been growing amongst the bad. ¶ To-day we surely see the great Spiritual Power pouring out all over the world, and also the tremendous amount of evil and destruction apparently existing everywhere. ¶

¶ However, each time the Spirit of CHRIST has come out victoriously. It has risen to a higher and higher state of consciousness in man, until finally it will become conscious of its own Divinity in all humanity, as it became conscious of its Divinity in the Body of Jesus. ¶ It was Jesus who first brought the Buddhic Plane into outer expression with our world, or in Christian language, the Christ Con-

sciousness. The Son of GOD was born to humanity for the salvation of mankind so that by HIM all might enter into Eternal Life, as exemplified by Christ in Jesus. ¶

¶ To-day there will be many in whom the Christ will come into full fruition and who shall reach the Sonship degree and eternal Life. ¶ History shows that many of these great Teachers and Prophets in the past, have brought the truths of life into different periods and in different forms to mankind as a guiding light for each Dispensation. ¶ We will name some of these Great Teachers according to Theosophy through whom the same Spirit of FATHER DIVINE has spoken. ¶

¶ First, we know HIM, in this so-called Aryan Race as Lord Vyassa, who, with the symbol of the sun, taught the people their unity with God and who also, we have been told, was inspired to write the Bhagavad-Gita, the great Hindu Scriptures. ¶ The second time he taught the Egyptian people as "Thoth"—"Hermes, the Thrice Great." He showed to the people that Light was the symbol of their unity with GOD and that they should follow that Divine Light which was in their hearts. ¶ He came the third time as "Zarathustra" and he came teaching the unity of GOD by the symbol of Fire. ¶ He taught that the Fire of the Spirit in man and the Spirit of the Universe (the Sun) were one and the same, and that by Fire were all things made

The end of a World or is it?

pure.¶

¶ The fourth time this Great Teacher came to the Greeks, known by the name of Orpheus, and by the mysteries of Sound and Beauty, He taught them that harmony of the Spirit in man was His Unity with GOD, and so by the Pathway of Beauty, man was made to see his Oneness with GOD.¶ We know how the Greeks were known for their beauty and art, their sculpture and music.¶

¶ The fifth time, He came as Gautama Buddha, teaching to His people the Law of Life—the Wisdom which enlightened the dark ways of the world.¶ It is said that this individual Soul, who had gone through many former incarnations and through Whom the Spirit of GOD had taught the Children of men by many symbols, their unity with God, had now reached Oneness with the FATHER, or LOGOS, and at this time He left our world, although without conquering death, as did Jesus, but instead he passed on to loftier labors in the service of GOD on the Higher Planes, never again to take mortal form upon our planet.¶ When this Great One thus passed to the Higher Realms, His Mighty Brother, the Lord of Love, appeared on the scene and He is known for the first time among the Hindus as Sri Krishna, the Child God.¶ He taught personal devotion to the Divine and awakened within the hearts of His people the most passionate Love of GOD, for the first time making GOD more personal

and bringing HIM closer into man's life. |

¶ His next coming was as Jesus in Palestine. ¶ He taught the same Supreme Love—the love that suffereth long, is kind and self-sacrificing, and that we should all be perfect as Our FATHER in Heaven is Perfect, making us realise our Oneness with GOD and that we truly are the Sons of GOD. ¶ It was because of His great self-sacrifice that He conquered matter and death, and for the first time brought the Body salvation to mankind. ¶ The Christ Spirit, or the Son of GOD, became conscious of Its Divinity or Its Oneness with GOD, the FATHER, on the physical plane, and therefore, He is the first-born among the children of men, with Whom the FATHER was well pleased. ¶ This is wonderfully symbolised in the great Pyramid. |

The first time He remained in this world in bodily form because GOD so loved the world that HE gave HIS only Begotten Son, the Christ, to make it possible for the sons of men to also reach that Oneness with the FATHER. |

¶ The Christ Principle, or the Son of GOD, which came first time into full fruition in the body called Jesus, is the second aspect of th Holy Trinity as it is known in Christian Scriptures. | As the Great Cosmic Principle He is the manifested GODHEAD, the LOGOS or ISHVARA, the Creator of HIS Own Universe. ¶ HE is the manifested Creative Principle in this Universe, or the Love aspect that binds and

holds all creation together. ¶ Therefore, when the Christ Principle becomes the Sublime Ruler in the consciousness of man HE is also the CREATOR in man, and so by and through Him, man will receive body salvation or Eternal Life and Oneness with the FATHER, for in Christ all shall live, but in man — Adam — all die. ¶

¶ The third aspect in the Holy Trinity is the Holy Ghost. ¶

¶ It is the emanating Life-principle in matter. It is also the quickening and re-creating Spirit in our physical bodies, manifesting through the solar plexus, known as the "Kundalini" or Serpent Fire in India. ¶ However, this cannot be compared or confused with ordinary emotionalism, as some outsiders are very apt to say in observing the emotions and movements of FATHER'S Children in the meetings. ¶ These motions are caused by this mighty Force or Energy rushing through the individuals, in whom the Kundalini has been opened by the Spirit and guidance of FATHER DIVINE and under His Protection. ¶

¶ It is due to the lack of understanding of what in reality takes place at these meetings and in the bodies of the true followers, that gives the wrong impression, at first. ¶ Many of the observers will judge wrongly without due consideration, especially those with critical minds. ¶

¶ "Mind is the killer of the Real," says the Hindu

Scripture. But a little appreciative study with an open mind will soon reveal the marvellous work that FATHER is doing for the people whom He has lifted from sin and degradation to a Higher Life, and what an everlasting manifestation of patience FATHER has with His Children. It is Wonderful!

The Principle of FATHER in the Holy Trinity is the first aspect, the Will or the First Cause of Creation, from whence came the Light of the World into visibility and from Whom all Creation came into existence. HE is the Law of the Universe or the Will to do. As Christ said, "Let Thy Will be done." Although in three aspects of attributes, still there is but One GOD, Who fills all the space in His Universe.

In every religion, GOD is spoken of as a "Trinity" and it is very interesting to see how, in each, certain aspects are worshipped more than others. At this time, the Great Will aspect of FATHER has manifested or Personified Itself, on the physical plane in the Fatherhood Degree. He sits in judgment for HIS OWN Creation, fulfilling the Scriptures where it says that HE shall separate the wheat from the chaff, for the wheat is now ready for the Harvest.

We sometimes hear someone say that FATHER DIVINE will punish those who do not obey HIM and that HE threatens you. The one who makes these statements does not understand the Good Law. FATHER DIVINE is Love Personified in its fullness.

and therefore never threatens anyone. He will state the Law and the effects of disobeying the Law, just the same as a mortal father would tell his children, whom he loves. For instance, he would advise us not to touch a hot iron, and that the results would be painful if we disobey the Law. Why a hot iron burns, we do not know, but if we touch one, we will soon find out — and so on with other things.

These Laws do not exist independently—they exist in the Mind of GOD. HE is the Principle of Principles, the great Centre, from whence Law and Force emanate. So long as GOD endures, these Laws shall endure. In them is Everlasting Blessedness; in them is everlasting punishment—depending upon how we contact the Law. The very same Law which brings blessings to the Righteous must bring misery to the wicked. GOD'S Great Love can be to one Soul—Joy and Blessings; to others, pain and misery. The very same fire that melts the gold, hardens the clay. Now, when the Law-giver is here HIMSELF, the Law works much faster, especially if anyone endeavors to attack the Principle Itself, or the One in Whom the Principle is Personified—FATHER DIVINE.

He, the Law-giver, can also forgive the past sins of those who confess their sins and forsake them, for all bad Karma ends in Christ. HE will absolve the sins of the individual in the Mighty Ocean of His Great Love and Mercy, and so the person

becomes a new creature, born into the consciousness of Christ.

The Life of GOD which has evolved through the different Kingdoms during the aeons (millions of years of time) and in the human kingdom, received the individual consciousness or Soul of man, and man became a Thinker. When man's consciousness was born on the mental plane as an individual or human Soul, it was his first birth as man — which comes from the Sanskrit word, "Manas" — the Fifth Principle in man, sometimes called in the Hindu Scripture the "Son of mind." FATHER says, "Man-child." The second birth on the Buddhic Plane will be the birth of the Christ Child or the Son of GOD — Divine Soul — or the Sixth Principle. In this state he becomes conscious of his Divinity and unity with all Life, as man now is conscious of his individuality.

But the son of man must first die in order that it will become the vehicle or the Reflector of the CHRIST Life. As a good mirror will lose itself in the brilliant sunlight, so the soul of man, the Thinker, must lose his identity and become the Reflector of the Christ Life on the physical plane. When Jesus died on the Cross the Son of GOD, or Christ, was resurrected after three days. This same parable is symbolised in all of the Great Mysteries by the death and resurrection of the neophyte, but what has been symbolised in the Mysteries, GOD has now made a reality in our life.

¶ After Jesus was dead on the Cross, the soldiers stuck their spears into His side to let all of the human blood out of His Body—cutting the last tie, which is the blood tie to man, to mortality, to human sympathy, fancies and tendencies. ¶ FATHER DIVINE says, "If I thought I had any human blood in MY veins, I would cut My veins open and let it out." ¶ Although HE has come in the likeness of man, HE has no human relation. ¶ HE is GOD, in HIS fullest expression, in the world, and HIS Body is the HOLY BODY of GOD. ¶ "For in Him dwelleth all the fullness of the God-head Bodily." (Cor. 15).

Man in his great selfishness, which is the over-balanced mentality, talks about himself and what he will do and what he has done. He wants everyone to know and recognise him as the great "I AM."

¶ The unselfish or the one who is humble, does not see itself at all because he knows that GOD is within and that unconsciously, to himself, after he forgets all about self and lets it go, Christ will come into full fruition. ¶ As FATHER says, "Relax your conscious mentality and let go, and Christ will take full possession." ¶

¶ Therefore, the one who is the Christ Consciousness can say, "I and my FATHER are One," but he does *not say*, "I am GOD." but instead—"He is GOD and HIS Will be done in me as it is in Heaven." ¶ Knowing that GOD is within, he also knows that he is the Body of GOD instead of I am that "I Am." Man

can never become GOD, but GOD comes in the likeness of man. ¶ This is hard for some of the teachers to accept who are teaching the illusion of the great "I AM" doctrine and theories, which is the mind substance of the mental world. ¶

¶ It is also known as the cross-road of the two paths upon which man stands—the left and the right. ¶ One leads to the separate individualism and into the Land of Exile; ¶ the other leads to the Unity of GOD and the Oneness of Life and Love. ¶ As the Hindu Scriptures say, "The dew drop slips into the shining sea," and in that Sea of Life and Light it becomes One with its Creator. ¶

¶ The "I AM" doctrine is the limited mental version of man. ¶ Its wisdom and understanding are limited on the mental plane only. ¶ Where the individualism or the soul of man was born is the plane of ego, the highest plane that man can reach and when man gets over-balanced on this plane, he becomes egotistic, jealous, envious, and hates or resents everything that does not agree with his limited versions. ¶ He is always thinking and worrying about himself, struggling and fighting for his life. ¶

¶ Christ said, "Man cannot enter into the Kingdom of Heaven—the Buddhic Consciousness—except he be born again." ¶ Neither has any man ever seen GOD, says the Scriptures. ¶ And the Masters say, "Come out of your world, into ours, which is the Eternal Now." ¶

¶ It was through the Theosophical teachings and the preparation for the coming of the World Teacher that I was led to the realisation of the Divinity of FATHER DIVINE.

¶ For about twenty years I gazed upon the pictures of the Masters and repeated, "From the unreal lead me to the real," etc. I met the Masters a few times in my dreams upon the Astral Plane. I worshipped the Christ or the Lord Mitreya at the Altars in the Church and had many real experiences of His Holy Presence.

¶ Two years ago, a few days before I left for New York to see FATHER DIVINE, I sat in my room in Ojai, California, and had the picture of the Lord Mitreya before me. ¶ I prayed to Him to show me if I was to go to New York to see FATHER DIVINE, and if HE was what I had heard people say HIM to be. ¶ The picture before my eyes changed to that of FATHER DIVINE and I heard a Voice within me calling me to HIS service. ¶ I left everything behind, trusting and knowing that Christ would never lead me astray, because with all sincerity, I had only asked to serve Him.

¶ About a year later, when I came "home" or back to New York from Europe where I was spreading FATHER'S Message, FATHER called me into His office. ¶ I talked with HIM for a long time and among other things I said to HIM, "You know, FATHER, in our Theosophical language, we call Christ 'The Lord Mitreya'"—upon which FATHER nodded HIS

head and very softly answered, "I do." I heard the inner voice within me, or within HIM, answer, "I AM THAT," and it was as though millions of volts of electricity went through my body. I was expanded out into space and out into the Universe. I felt as if I held the whole earth on my arms. I was ONE with the whole Creation but at the same time, I felt that I was nothing but dust under HIS Holy Feet, and as I looked into HIS Face, I saw it completely change.

At first it was as though a mask was taken away; then I saw a most Glorious and Beautiful Face and a dazzling Light from HIS Eyes went through my heart. There are no human words to explain this Wonderful revelation or state of Nirvana, in which I was. It is the living reality to be experienced by all—therefore, I know HIM as HE is. HE truly is the Light of the World and HE is representing the greatest Cosmic Principle ever Personified on this planet. HE is holding the Office of GOD in the Fatherhood Degree and HE says, "I sit, I look, I speak, I act, like unto any other person and appear to be the same, but the Office I hold, in GOD, the FATHER'S Name—that is your only propitiation, your only salvation and the only One to Whom you should petition."

HE is the ONE Who is the MASTER of all the Masters, the Law-giver and the Law to HIMSELF. Peter recognised Christ in Jesus as the Son of the

So Suspended in Consciousness:

Living GOD, and Jesus answered and said unto him, "Blessed art thou Simon Bar-jona, for flesh and blood hath not revealed it unto thee, but my FATHER which is in Heaven." (Matt. 16:17). The same Spirit will reveal it to you as you ask and you shall have the understanding that gives you the faith, which is the substance of things unseen.

Christ in the Body of Jesus, brought a Christ Consciousness or the Buddhic Plane into outer manifestation—in other words, created the Buddhic atmosphere or vibration into outer expression in our world. So that if we had been observing it, from out in space, we would have seen, with the Spiritual eye, the most beautiful light and color forming this Buddhic vibration, or the Christ Atmosphere, in and around our planet. This is the Universal Body of Christ wherein we are all members. Therefore, Christ said, "Ye cannot come to the FATHER except by Me," which means, through the Christ Consciousness. Because of HIS supreme sacrifice, HE made it possible for man's physical salvation. HE said. "If ye believe"—meaning abide or live in Me—"ye shall have Eternal Life."

Merely to believe in Christ, or FATHER DIVINE, is not enough, but to really believe in HIM means to abide in HIM. Faith in Christ is not mere profession of Faith in Christ, as the Son of God. We must abide in Christ, partake of HIS Nature and

live the Life. ¶ It is only through self-sacrifice and self-denial that Christ in us will be born. ¶

¶ As stated at the beginning, according to Theosophical teachings and also according to the Bible, there have been many great teachers and prophets before the coming of Jesus, but HE was the first-born among the children of men, the first-fruit of this planet, Who conquered death and retained HIS resurrected Body. ¶ Because HE opened the Way, HE made it possible for others to receive Salvation in their physical bodies. ¶

There are many so-called Masters living in the world to-day who have kept their physical bodies for hundreds of years, and who are doing the Will of GOD on earth, but still no one else was able to save the world from its present state except HE who first conquered death and paid the price. ¶ He ascended into Heaven, became One with the FATHER and again descended to the very lowest plane of HIS Creation. ¶ HE is the only One Who can lift mankind unto Himself and create a new Heaven and a new earth for HIS Children. ¶ FATHER said, "I came as One among you, yet I came giving Victory." ¶ HE is raising the vibration of the planet to a higher key and all life will vibrate in this higher rate of vibration. ¶ All sin and corruption will automatically be wiped away. ¶ Therefore, men living in corruption and wrong-doing are losing their bodies faster than ever before. ¶ Only the ones who will come into the

recognition of this CHRIST Principle, the Brotherhood of Man and the Fatherhood of GOD, will be left on this planet.

This is the time of separation, also spoken of in our Theosophical books. The time is here, and everyone will find it out, whether they want to recognize it or not. **THE** Kingdom of Heaven has truly come and those who have recognized **HIM** as the **LORD** of Lords are living in it now. Others must also come, for there is no other hope of Salvation. **FATHER** also said, "My work and My activities shall continue until I shall have accomplished all things for which I came." Even the exalted ones, who think of themselves as higher in evolution and who have excluded themselves from humanity, must come down from their high levels of superstition and unify themselves as one with the rest of humanity.

There is only one Life. There are those who for years have been calling on the Holy Name of Lord Mitreya, the Lord of Light and Love, to come again and save the world, but who do not know **HIM** when **HE** has come—because **HE** came in **HIS** own Way and not the way they wanted **HIM** to come. **HE** came, "Meek and lowly, but still so High and Holy." The same thing happened two thousand years ago. Those who were the most learned did not recognize **HIM**. But to-day there are millions who already recognize **HIM**, as **HE** has come this time with full Victory, and **HE** shall accomplish that for which **HE** came. The following verse was written sixteen years

ago by a Theosophist:

"We wait Thy coming, once again, Lord Christ,
To save the world, in pain;
Thy Love, Thy Brotherhood, Thy Light
Will show us how to do the Right.
Rejoice, rejoice, the Lord comes soon again,
To save the world from sin and pain."

Many have truly been waiting and believing that HE will come soon, as waited the so-called Jews two thousand years ago, and are still waiting. But now that HE has come and because HE did not come as they had expected, they cannot realize that HE is here, for their minds are full of preconceived ideas.

Dr. Besant, the great leader of the Theosophical Society, once said while she was in Ojai—"Be ready to accept the LORD and to know HIM, no matter what way HE comes, because HE may not come exactly the way we have expected" (or words to that effect).

She also said that she had been wondering how the World Teacher would come at this time and that it was revealed to her that the coming would take place in the Fatherhood Degree, as it was in the Sonship Degree two thousand years ago. She knew the way HE was to come although she did not know by what Body. It puzzled me at first, as I could not understand just what she meant, since she had been saying previously that the Lord would take and use the body of Krishnamurti, which she had been preparing since 1911. But

when she saw that her plans and declarations did not come up to her expectations, as Krishnamurti renounced it all by saying he was not the one. she was heartbroken and her spirit crushed, as it was her greatest test, which put her out of her body. ¶ She had told me a few years before that she would still live twenty-five years more and be here to see the LORD'S work finished, but as FATHER said, "Christ will not come by anyone's declaration or expectation." ¶ He comes of HIS Own Will and by HIS Own Way. ¶ FATHER also said, "My Spirit would not descend on Krishnamurti except on certain occasions," which many of us, who were with Krishnamurti in the years of 1926 and 1927, know to be true, and that Christ truly spoke through him. ¶

Since I have found that HE has really come and in order that my joy may be full, when others also have found HIM, with all sincerity I make this declaration, especially to the Theosophical and Philosophical world, to the earnest seekers who have desired to serve HIM, and to their so-called leaders and teachers, that the ONE WHO was to come, according to our teaching, the Great Avatar, the Lord Mitreya, and King of Kings, has truly come, and the whole world will rejoice and give thanks, honor and glory to HIM, Who liveth forever and ever. ¶ HE has come to establish the Kingdom of Heaven, the Righteous Government, upon the earth. ¶ HE is the same ONE who spoke to Arijuna by Krishna, "Although I am above birth and rebirth,

or Law, being the Lord of all there is, for all emanateth from ME—still do I Will to appear in MY OWN Universe and am therefore born by My Power and Thought and Will.” ¶ HE is again revisiting HIS Own world. ¶

¶ *Friends, come out of your world of mental congestion and you shall know HIM as HE is!* The Scriptures have been fulfilled, both the Christian and the Hindu, and also for all other religions who have been waiting for their Saviour. ¶ HE fulfills them all. ¶ HE speaks the same Eternal Truth that HE spoke through Jesus, recorded in the Bible, and through Krishna, recorded in the Bhagavad-Gita. ¶ “Knowest thou this, O Prince, that whenever the world declineth in virtue and righteousness, and vice and injustice mount the throne, then cometh I, the Lord, and revisit My World, in visible Form, and mingle as a man with man, and by My influence and teaching do I destroy the evil and injustice, and re-establish Virtue and Righteousness.” ¶ FATHER says, “I came to preach Christ in words, but more so in deeds and in actions and I will put MY Spirit in them and cause them to walk in MY Statutes.” ¶

¶ The same Spirit is speaking to-day. The LORD is giving the same command, for HE truly is destroying the evil and injustice and re-establishing Virtue and Righteousness. ¶ No man has ever spoken as FATHER speaks to-day. ¶ HE speaks to the whole world, to the Kings and Rulers—HE spoke this before the King of England had laid down his

crown—to cast down their crowns; to the Bishops and to the Pope to lay down their hypocrisy; to the Masters and to all teachers. No man has ever done what FATHER is doing. Not even in the Body of Jesus did He do what HE is doing to-day. Teachers have given theories and doctrines but none have ever given the realities of Life in as practical a way as FATHER DIVINE is giving them.

HE is completely transforming the hearts and minds of thousands of the worst and lowest human characters into the Pure CHRIST LIFE. HE is healing the sick from incurable diseases by the thousands. The blind, deaf and dumb will see, hear and speak. HE is raising the dead and feeding the hungry without ever taking a penny from any one. HE is buying land, by the thousands of acres, with houses and stores, to accommodate thousands—giving land free to those who wish to build their homes. Has any man ever done anything like unto this? There are no words to describe the Greatness of HIS Mighty Work in full detail. One can only give a light sketch of what it is in reality, in order to create interest in your heart, so that if you wish to know the Truth and if you desire to see your MAKER, the CREATOR of the Universe, who has put a portion of HIMSELF into our world, so that we might know the Reality of the Presence of GOD, you may also seek and find and know HIM as HE is, for yourself.

Not because anyone has told you, but because you

will know yourself, if your mind is clean and your heart is pure, without prejudice and pre-conceived ideas. [These are Truths worth considering by all who might think that they have wisdom and that they are representing the Masters, who should have told them that the LORD is here. But unless you can forsake all and be free of mental limitations, you cannot know the Truth or see HIM as HE is. [Krishnamurti says, "If you want to know the Truth you must be free of all ideas and opinions."]

[During the past twenty or thirty years there have been many teachers and spiritual societies with all kinds of theories and doctrines, but very few have really lived the Life. Now when the World Teacher HIMSELF has come, HE will teach all things and help us to live the Life. [That which the Societies have done has been a wonderful work and a great help to many, especially the Theosophical Society, which came into existence by the help of the Masters about sixty years ago, at the darkest moment when the whole world was deep in materialism, at the time when churchanity began to break up and the old Kali Yuga ended. But now the great work of the Society is done, and it is very evident in many places, where there are only a few old members left. [It has prepared the Way of the LORD and it has broken the ground for the new seed to be sown by the LORD Himself. In one of HIS Messages, FATHER stated that 'HE has closed all the doors for the Societies and for all the metaphysical

teachers, so that they might also come into this New Light of Understanding and recognize the Only Teacher, Who can teach all things, according to our understanding.' ¶

¶ In a recent Message, FATHER said, "I have lifted up a standard for the people, the only Hope of Redemption, and especially in this Dispensation, for if you do not live exactly according to MY teachings, to Whom shall you go? ¶ That is why I said, in the Body called Jesus, in the Sonship Degree, before you heard of ME, except you forsake all you have, even hate all you have, you cannot be MY disciple." ¶

¶ Therefore, the life to be lived is now the most important thing, and the road is very narrow. ¶ FATHER is making the true Brotherhood of Man and the conscious recognition of the Fatherhood of GOD a practical thing in our life. ¶ It is easy to worship the pictures of the Masters, but to live the life and to be that Perfect Picture ourselves means sacrifice and self-denial, in order that the Christ will come into full fruition in our consciousness. ¶ This is the purpose for which FATHER came—to free every man from all limitations and to bring Christ into outer expression in our consciousness, and to establish the Kingdom of Heaven upon the earth. ¶ FATHER says, "I will elect Christ as Lord of Lords and King of Kings if it costs me a million dollars a day."

¶ You can know HIM for yourself if you ask Christ—or GOD—whichever is your highest idea of GOD—¶

or would you prefer to remain indifferent as to whether HE is here or not, and ignore HIS Holy Presence? ¶ At present you seem to be satisfied and feel that you are spiritual and that GOD is within you and that you have some other important things to do. ¶

¶ It is true that GOD is Omni-Present and HE is in you—but HE also has a Body. ¶ GOD would not be Infinite if HE were confined to the Spirit world alone. ¶ If you recognize HIM only in Spirit HE will recognize you in spirit only, and you will go on in the spirit world. ¶ "As a man thinketh, so is he." ¶ If you recognize HIM in the Body, GOD will recognize your body and transmit HIS Holy Spirit into you and you will have Eternal Life. ¶

¶ HE is the only ONE Who has the Victory over death and therefore, HE can give the Victory to you without your paying the full price, if you recognize HIM, live the life and keep the Faith. ¶ Your body will become a living temple of GOD and you shall live in HIM and HE in you, for HE is everything there is. ¶ Freely I have received of my FATHER. so freely I wish to give, that others might also have this great blessing of freedom, peace, joy and happiness, which satisfies every good desire. ¶ I thank You, FATHER, for all the Glory goes to GOD, FATHER DIVINE! ¶

HARMONY is a Centre where we meet in Unity and learn to understand and practise the Principle of Life, and thus overcome the apparent evil of the world (sickness, poverty, etc.), which is done through recognising the Power of Spirit (God). This opens the Door to Harmony.

TUNING IN WITH HARMONY THE SILENCE

Seek ye first the Kingdom of God and His Righteousness, and all these things will be added.

7 a.m.: FOR SPIRITUAL UNDERSTANDING

"If any of you lack wisdom . . . ask of God that giveth to all men liberally . . . and it shall be given him. But let him ask in faith, nothing wavering."

BE STILL AND KNOW THAT I AM GOD.

NOON: FOR TRUE PROSPERITY.

There is only One Presence and One Power in the Universe, God the Good, Omnipotent.

God is here, and ready to give you this day your daily bread. For Christ promised whatsoever ye shall ask in prayer believing ye receive.

BE STILL AND KNOW THAT I AM GOD.

9 P.M.: FOR PERFECT HEALTH.

"Father, I realise that I am ONE with Thy Unlimited Life and Power." I AM THAT I AM has sent me into expression.

I AM STILL, AND KNOW THAT I AND
MY FATHER ARE ONE.

"The Spirit of the Consciousness of the Presence of God is the Source of all Supply, and does satisfy every good desire." THANK YOU FATHER, IT'S WONDERFUL.

Father went South about 1929. to bring
about Righteousness - He went
through the hands of lynch-mobs -
32 times - but they could not
kill Him - (Father's Body - is Pure
Spirit materialized) Father says
when there is no mortality in us -
there is nothing to kill!

Father's Complexion is
Soft brassy in hue -
(not a line) but velvety
& soft & His huge
Eyes are filled with
Compassionate Love for
all humanity!!

Father stresses "Virginity" so strongly
that all ask the same question. How
is the world to go on populating?
Father said there are too many people
on God now: He said every prospective
parents should train their minds for
7 years before having a child & then
train the child 7 years & they would
not have a moments anxiety!
but instead - they bring children into
the world - through lust & passion
& self-gratification - often under the
influence of drink & not even
wanted! - hence delinquents - Cripples
etc. - So like the egotistical - self-
exalted Professor of Science - who
came to Father & kept questioning
Father - trying to put Father - on the
spot - Father quietly turned & said -
"Can you tell me - who made
the first cell? (No answer) Seeing
God made us - before He made Himself
a Body - it would be a puzzler
